

# Grow with Seattle Tilth!

For 33 years, Seattle Tilth has taught people how to learn, grow and eat.

## Seattle Tilth Farm Works

This new "farm incubator" program is designed to provide immigrant and low income farmers with subsidized access to land, training and connections to build their own farm businesses.

## Classes and Education

Seattle Tilth offers hands-on classes and workshops at our five learning gardens.

Adults and children

learn to grow and preserve food, raise bees and chickens, and build healthy soil.

## Community Kitchens Northwest

Communities come together to cook and learn how to include more fresh, healthy food in their meals.

## Rainier Beach Urban Farm and Wetlands

This brand new urban farm will be developed as an educational resource for urban farmers and community members.

## Seattle Youth Garden Works

Underserved youth learn job skills through this farm-based education and employment training program. Youth learn to grow their own food and sell it at the U District Farmer's

## Building Community

Seattle Tilth Plant Sales, the Harvest Fair and the Urban Farm Tour bring community together to celebrate growing and sharing food.

Join us! Your gift helps our community learn to grow their own food and conserve natural resources!
